

Test Document - Page 1

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 1.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 2

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 2.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 3

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 3.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 4

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 4.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 5

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 5.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 6

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 6.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 7

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 7.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 8

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 8.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 9

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 9.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.

Test Document - Page 10

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Page 10.

This is a test PDF document for testing extraction functionality.
Each page contains some sample text to demonstrate token counting.

Key points about this page:

- This is point one
- This is point two
- This is point three
- This is point four
- This is point five

The content continues with more lorem ipsum text to fill the page.
This helps us estimate token counts accurately.
